

**Opportunity for internship at Intel in association with ‘Special Manpower Development Programme for Chips to System Design (SMDP-C2SD)’, Ministry of Electronics and Information Technology**

SMDP-C2SD, initiated under Digital India Programme by Ministry of Electronics and Information Technology (MeitY) at 60 academic institutions spread across the country including IITs, NITs, IITs & other engineering colleges, aims to generate manpower specialized in VLSI design area and inculcate the culture of System/ Chip development.

Intel, enabling collaborative environment to work with other brilliant colleagues to push you for best, offers opportunities for learning, professional development and the flexibility you need to achieve balance.

We, at Intel, are looking for people who see what’s possible in the impossible. What’s your amazing? Here is a chance to get an internship at Intel in Collaboration with SMDP-C2SD, MeitY this year. Intel, in support to SMDP-C2SD, offers internship opportunity for 6 month to 1 year duration to bright students from VLSI and CS streams in SMDP-C2SD institutions.

**Internship Start Date:** 15<sup>th</sup> June 2020

**Internship Duration:** 6 Months/ 1 Year (June 2020 - June 2021)

**Qualifications:** M.Tech/ PhD

**Streams:** Hardware and Software - EE/VLSI/EC/Embedded/CS

**Application process:** For further details on Internship, please contact to Point of Contact (POC) at your Institute. Detail of POC is available at <http://smdpc2sd.gov.in/intel>

**Internship Stipend by Intel:** M.Tech- 20000 INR per month / PhD – 25000 INR per month. In addition, all Interns will be eligible for one time to and fro travel reimbursement.
